Share your values

Minneapolis Public Schools is on the path to financial sustainability, however the costs of the programs and services we offer continue to be more than available dollars.

what would you do?

We want to know what you value for your child and for all children in Minneapolis Public Schools. If you had to make these difficult budget and programming decisions, what would you do?

From Oct. 23 through the end of November, please go to the MPS homepage to find links to:

- Information on how school budgets are created and how MPS got where we are today
- The "MPS Values Survey"
- Send us your ideas and questions
- Participate in an upcoming "MPS Values Focus Group" at a site near you

Results will be posted on our website

Our budget should reflect our values. Let's find our common values and put them to work for our students.

Let's be MPS Strong - together.
