6th Grade Families

Over 90 6th graders are heading to Camp Miller in Sturgeon Lake, MN this week!

Thursday-Friday, May 25 & May 26th

Buses to Camp Miller leave Northeast at 8:45 am Thursday May 25, and return by 3:30 May 26. Kids can take their regular bus to and from school.

Thank you to the chaperones that are joining us. Your support is appreciated.

The cost is \$50.00 per student. If you haven't sent payment yet, please do so as soon as possible.

Packing lists are available here:

Website: http://northeast.mpls.k12.mn.us/camp_miller

Questions, please contact Debra Reutter debra.reutter@mpls.k12.mn.us

FAST TRACK SCHOLARS

Minneapolis Public Schools would like to invite current 8th graders to be a Fast Track Scholar this summer. This exciting program provides students with the opportunity to meet new high school classmates and begin earning high school elective credits. Course offerings include linear algebra, literacy, physical education, health, science, guitar, theater, drawing, ceramics, engineering, robotics, work readiness, web design, geography, dance, and more. Fast track scholars will be located at Edison High School 9:00a-3:00p, June 26 through August 3 (Mondays through Thursdays). This program is free and includes breakfast, lunch and Metro Transit Go To Cards. Registration deadline is June 1st. Please contact our 8th grade counselor Debbie Nelson for application or questions at 612-668-1505.

#JOINDAMOVEMENT Dance Concert will be held June 2nd at 2pm and 6pm. Bring your family and friends and pay what you can! This is a fusion of student and teacher choreography meant to empower our youth and inspire our audience. Please come see the show!

World Savvy Toby Beck and Cody Reinert won second place in the junior division for exhibits and Caleb Gadbois won second place in the junior division for artwork!

Nageli Olmes-Koehnen, Jaqueline Garcia Espindola, Glenda Osorio Pinto, St. Joseph Gnakadja, Mimi "Caleb" Gadbois, Esther Kohlmetz, Amethyst Maddison, Valeria Castaneda Ramos, Alexander "Sasha" Resig, Carlos Chasi Mejia, Shruti Jayavardhanan, Hnukusha Vue, Alexis Luanne, Hannah Charles, Kari Dyer, Sandy Llapa, Amiyah Bridgewater, Wahbo Othman, Elijah Wright-Holmes, Jesus Andrade-Almenza, Toby Beck, Cody Reinert.

Summer Enrichment Opportunities

Northeast Middle School will be having GEMS/GISE Summer STEM Academy.

- **Amazing Structures: Bridges & Towers** - Students will investigate tower and bridge designs, the forces that act on them, and the materials that can withstand those forces.
- **Cooking by Design** - This design-based integrated STEM – Nutrition class engages students in using a variety of creativity and idea generation tools.
- **Drumline or Guitar** -Develop performance skills, rehearse music and choreography, and create a composition and arrangement.
- **Engineering the Ride** - Explore the mechanics of the standard road bike while riding through the urban parks and streets of Minneapolis.
- **Expedition Minneapolis** - Engage in a wide variety of environmental field experiences through the use of scientific inquiry, while learning to use the tools of a naturalist.
- **Explore Robotics**- Students will utilize their prototypes and programming skills to solve design challenges using the LEGO Mindstorms Robotic System.
- **STEM Gear by Style Engineers** - Activities are designed to explore the science and technology of fashion.
- **Game On! Recreational Sports & Activities** - Learn and practice the skills of Lacrosse, Soccer, Volleyball and Rugby.
- **SOAR** - The sky is the limit in this course that focuses on aerospace engineering.
- **Theatre or Dance** - Design and perform while learning the technical elements of theatre or dance.
- **Design Art Meets Engineering** - Students will work on various Art Engineering Design Challenges.
- **Tech 4 Boyz / Tech 4 Girlz** - Studio production, graphics, green screen production, and more.
- **Urban Boatbuilding & Exploration** - Design and construct wooden boats, canoe waterways and improve swimming
